Chairman Letter.....

Dear Shareholders,

I am happy to inform you that your Company achieved a reasonable performance for the year 2014-15 despite a challenging economic scenario and tough business environment in two business verticals viz. Rail & Metro and Defence. The Annual Report brings you the audited accounts and other related documents for the year 2014-15 for your consideration and adoption at the ensuing Annual General Meeting.

Performance Overview

The assessment of the Company's performance for the financial year ended 31.03.2015 has been completed. Despite the difficult situation in two business verticals, your Company has been able to register sales (net of consortium) of ₹2999 Crs.

In Mining & Construction sector despite a sluggish market both in domestic and global markets, the business group achieved sales of ₹1800 Crs with a reasonable growth. Export sales of ₹107 Crs was achieved including export of equipment and spares valuing ₹71 Crs to a largest mining company in Zimbabwe.

The Rail & Metro vertical achieved a sales (net of consortium) of ₹1032 Crs. This was mainly due to the non-availability of Rail Coach Orders from Indian Railways.

The Defence Business achieved sales of ₹164 Crs.

With the above performance and continued focus on cost control, the Company made a Profit before Tax of ₹6.91 Crs during 2014-15. The Company has closed the year with a healthy order book position of ₹5633 Crs with further expected orders and emerging opportunities in all the business verticals. Amidst stiff competition, the Company generated 88% of its sales achieved in 2014-15 from orders obtained through competition mode.

R&D is a continuous effort being pursued in your Company. Design, development and up-gradation efforts through in-house R&D resulted in two new products i.e., Electric Drive Dump Truck - BH205E-190T and Standard Gauge Intermediate Metro Cars to DMRC for conversion of 4 car train set to 6 car trains set besides up-gradation of several other products. The BE1800E an environment friendly 180T Electrical Excavator was introduced to market and is performing successfully at the customer's site. It is also pertinent to mention that 55% of sales turnover in the year 2014-15 is through sale of in-house developed R&D products.

Towards self-reliance, your Company has achieved over 90% indigenisation in the mainline M&C products, Rail Coaches and EMU's. High Mobility Truck 8x8 with over 90% indigenization content was successfully developed.

On HR front, your Company has signed an MoU with reputed academic and research institutions such as IIT Madras, IIT Kanpur, National Institute of Design for capability building of our Engineers. A comprehensive competency framework has been developed with a focus on developing leadership pipeline and succession planning in the Company.

Towards continuous skill development of employees and executives, 'Schools' in the areas of Hydraulics and Structural Welding, Electrical and Electronics, Stainless Steel welding and Metro Cable Harness System Assembly have been established in the Complexes.

On Corporate Social Responsibility and Sustainable Development front, your Company, being sensitive and responsible to the society has undertaken various initiatives namely, Swachh Bharat campaign, construction of toilets under Swachh Vidyalaya campaign, adoption of Village, planting of trees across campuses etc.

As a Corporate Citizen, your Company has complied with all rules and regulations dealing in a transparent, fair and corruption free operational environment and we are committed to it. A detailed report on compliance of the guidelines on Corporate Governance under the listing agreement entered into with the stock exchanges and the guidelines issued by the Department of Public Enterprises for CPSEs, form part of the Board's Report.

Plan for the year 2015-16

In Mining & Construction segment, we expect further opportunities for M&C equipment with more projects being cleared and Coal India's plan to achieve annual coal production of one billion ton progressively by 2020. Further improvement in the global economy will boost export performance. All strategies are in place to capture maximum out of available business in the domestic and global markets through better customer focus, service and concerted efforts targeting a reasonable growth over 2014-15.

In the Rail & Metro Business, in addition to orders available on hand for execution during the next two years, further orders are also expected for non-metro products in EMU segment. We will pursue opportunities for the same and continue to progress with a reasonable growth year-over-year and be a major player in the Rail Transportation segment of the country.

With respect to Defence vertical, plans are in place to execute available orders on hand and also improve the performance of Defence Business segment by generating business for supply of Mine Ploughs, Armoured Personal Carriers, Command Post Vehicles, Akash Missile aggregates and other aggregates supply to Ordnance Factory Board and Defence Public Sector Undertakings. Further, 'Make in India' policy of Government is a boon to Indian industry and focus is on for indigenous production for which your Company has geared up.

In this projected positive scenario and keeping in view of the present order book we have set ourselves a net sales target of ₹3800 Crs for the year 2015-16.

Plans are also in place to diversify into new products such as Diesel Mine Cruiser and Continuous miner in the area of M&C Business, Medium Speed Trains and Maintenance equipment requirements namely, Track Laying, Rail Grinding and Track Cleaning Machines in Rail & Metro segment and Armoured Recovery and Repair vehicles, Missile Launching systems, Bridge systems, aggregates for Tanks as a new revenue stream in Defence vertical.

Thus, your Company has put in place appropriate strategies and actions to counter all business challenges and scale new benchmarks.

I am confident that with continuous dedicated efforts, commitment and hard work, and a conducive business environment around, your Company shall move forward to achieve greater heights in 2015-16 and beyond and I assure you that, your Company is committed for enhanced value creation to its stakeholders and society at large by taking up activities and initiatives for sustainable growth with environmental concern.

To conclude, on behalf of Board of Directors of the Company, I would like to express my gratitude to our shareholders, valuable customers and all other stakeholders for their confidence, trust and support and my deep appreciation to all Employees and Executives for their untiring efforts and contribution for strengthening the Company.

I wish to take this opportunity to place on record my sincere appreciation to all my fellow Directors on the Board for their invaluable guidance and support rendered for running the operations of your Company.

(i) M/s. Vignyan Industries Limited (VIL):

VIL has recorded a turnover of ₹30.67crores as

against ₹36.75 crores, thereby resulting in a decrease of about 17% over the previous year. The value of production of the Company stood at ₹31.50 crores as against ₹30.73 crores and the Company contained the loss at ₹0.85 crores as against loss of ₹1.45 crores in the previous year. The major reasons for loss were due to breakdown of critical equipments and non-availability of sand. Further, frequent and unscheduled power cut resulted in reduction of Fettleing and Proof Machining facility with Tarikere based Fettleers.

As already planned to reduce dependency on Holding Company, VIL could secure order from MIDHANI to manufacture and supply 800 MTs of High Manganese U-2 Steel Castings valued at ₹10.82 Crores. Further, VIL has obtained extension from Integral Coach Factory for supply of Axle Box Housing Castings required for rail coaches.

Further, considering the market demand for high alloy grade castings like T-72 and Tatra Variants relating to Defence business, Axle Box and Buffer Assembly relating to Rail business, and new castings for Mining & Construction business, necessary development and production are planned. These proposals would help VIL to achieve ₹73.75 crores by 2020-21 as envisaged in the Perspective Plan.

The order book position remained at 3423 MTs as on 01.04.2015. More and more casting requirements are expected from Holding Company as well as from other customers. With this, VIL is confident of achieving better results for the financial year 2015-16.

(ii) M/s. MAMC Industries Limited (MIL):

Your Company has entered into a Consortium Agreement with M/s. Coal India Limited (CIL) and M/s. Damodar Valley Corporation (DVC) on 08.06.2010 for acquiring specified assets of M/s. Mining and Allied Machinery Corporation Limited (under liquidation). The agreement, inter-alia, provided for formation of a Joint Venture company with a shareholding pattern of 48:26:26 among BEML, CIL and DVC respectively. The Company has paid the proportionate share of ₹48 crores

towards the total bid consideration of ₹100 crores for the said acquisition, based on the order passed by the Hon'ble High Court of Calcutta. The said assets were taken possession by the MAMC Consortium. Further up to 2014-15, the Company incurred a sum of ₹8.18 crores towards maintenance, security and other related expenditure. The expenditure incurred by the CIL and DVC on account of this proposal is not ascertained. In the meantime, a Company in the name of 'MAMC Industries Limited (MIL)' was formed and incorporated by the Company as a wholly owned subsidiary for the intended purpose of JV formation. Shareholders' agreement, as duly approved by the Boards of all the three members of the consortium, has been submitted to MoD for necessary approval. Further as required by the MoD, 'Business Plan' and 'Financial Feasibility Report / Study' of the proposed JV, is being prepared by engaging IIT-Kanpur.

As per the requirement under the local laws, BBIL was established. Based on the enquiries, few mining equipment were also supplied to local customers. In the meantime, low cost Chinese equipment flooded the Brazilian market along with their local manufacturing facilities. Further, your Company faced stiff competition in high-end equipment segment from international players like CAT and Komatsu. In view of these developments, it is

proposed to handle the Brazilian market directly and to wind up the existing facilities in Brazil.

BMWL was formed and registered with the Registrar of Companies at Hyderabad on 18.04.2007. BEML holds 45% share and M/s Midwest Granite Pvt. Ltd. (MGPL) and P T Sumber Mitra Jaya of Indonesia as partners holding the balance 55% share. The Company has been established to capitalize on the growing business opportunities in the contract mining segment. However, due to certain unauthorized transactions and the oppression and mismanagement by the nominees of MGPL, your Company had filed an application before Hon'ble Company Law Board (CLB) seeking for suitable relief. As a counter measure, MGPL had also filed a petition on the matter. CLB vide its common order dated 01.06.2012 directed the Central Government to appoint an inspector to investigate the affairs of BMWL and take appropriate action. As per the legal advice, your Company preferred two appeals before Hon'ble High Court of Andhra Pradesh at Hyderabad against the said common order of CLB. The Hon'ble High Court passed the order on 19.08.2013, thereby setting aside the said common order and directing CLB to proceed with a fresh enquiry, and decide the issue in accordance with law and merits also taking into consideration the report of investigation as directed by CLB and pass appropriate orders without getting influenced by the impugned common order of CLB. (v) Outlook:

The CMIE report of 22nd May 2015 mentions that - "We expect the demand for mining & construction equipments to revive in 2015-16. It will continue to remain healthy in 2016-17. This will be backed by a pick-up in demand from the user-industries like mining, power, steel, construction and infrastructure sectors. Several mining companies have already restarted operations in Goa, Jharkhand, Karnataka and Odisha. Other mining companies are also likely to resume operations in the ensuing months.

In March 2015, the President signed an ordinance to amend Mines and Minerals Development & Regulation Act (MMDR). The MMDR bill is expected to eliminate delays and improve transiency which would help the mining sector to revive. This is likely to ensure effective mining operations in India and in-turn generate demand for the mining & construction equipment industry.

In the Budget 2015-16, several announcements were made and initiatives were taken by the government to

boost the construction & infrastructure sectors. The government announced an investment increase of ₹700 billion by launching new infrastructure projects and by allowing huge domestic and foreign investments in infrastructure sector. Moreover, the government has shown strong intent to remove the bottlenecks and clear stalled projects without any further delay. These initiatives would bode well for the mining & construction equipment industry during 2015-17.

Construction & infrastructure sectors are likely to witness strong investments during 2015-17.

The growth in steel output is expected to push the demand for mining & construction equipment during 2015-17. It is expected to accelerate to 6.2 per cent in 2015-16 as compared to 5.3 per cent in the preceding year. Output is likely to further increase by 7.3 per cent in 2016-17.

Backed by a pick-up in demand from user-industries, CMIE expects the production of earth moving equipment and lifts & escalators to rise by 2-4 per cent in 2015-16. Output of cranes, forklifts and mining equipment is likely to rise in the range of 11-16 per cent. Construction equipment production is expected to increase by 19 percent in 2015-16.”

This augurs well for the Company especially to the Mining & Construction segment. The Company expects orders for Mining and Construction equipments with more projects being cleared. Further improvement in the global economy will boost export performance.

For current fiscal, the Army has been allocated funds for acquisition of Heavy and Medium Vehicles. The Company is making all efforts to pick up business in the areas related to its product portfolio. Further, engagement for OFB is also being pursued for manufacturing of aggregates for armoury vehicles.

Indian Railways, coach manufacturing is graduating to Medium / High speed Coaches/ LHB Coaches. Sub-urban trains are expected to graduate to

Stainless Steel EMUs. Maintenance equipment requirements are increasing for Track Laying, Rail Grinding & Track Cleaning Machines. Light Rail Metro is fast catching up as a revenue line which is expected to emerge from tier-II and tier-III cities, as also a feeder line for the main Metro in the tier-I cities. These are expected to open up new business opportunities during the current and next 3~4 years.

In this scenario, the Company will focus on emerging new business opportunities and also develop new products / aggregates to align with the market requirements. Further, it is planned to grow in each of the vertical by expanding the business with new products and territories. The Company is committed to enhance customer satisfaction by providing quality products and services to its customers.
